From Chris' desk....

*Morning folks and welcome to the Bible Chapel.*

Ever walked into a house and found yourself being totally distracted by the smell of fresh bread? It catches your breath and makes your brain imagine all sorts of niceties that cause the pectoralis majoris to expandis. Ever made bread? Bread makers are pretty unique really, they know what it takes to make a good loaf – TIME - you just can't rush it. You can't make dough rise fast, although you can give it the best environment in which to grow. Then again, you could stuff it up altogether by just ignoring it. It will eventually turn into bread, but there may be few who return for seconds!!... Enter the bread maker! Yea, that's the one. Throw in all the ingredients at the beginning and let the machine take over, ripper bread every time!

Jesus said "Go ....make disciples. The word 'make' hasn't changed much really - still carries the idea of purposeful, intentional action, and like bread making, good disciples need time, your time. One thing for certain however, there is no machine that will take your job, if you and I don't make disciples, there will be none. There is also one more comparison I will leave with you. 2 Cor 2:15 says we are the 'Aroma of Christ among those who are being saved - a sweet smell in the noses of people who don't yet know Jesus.' That is what a real disciple is. We had better be about the business of making that sort of Jesus follower, the sort that have great attraction. A bit like the smell of fresh bread always catches our attention. What do you reckon?

Hey we are expecting around 500 at the Watoto choir/Tear Fund concert at 7.30 Tuesday night, be early or be standing. Donations only.

And yes there is only one service this morning, so go home and spoil your Dads. The next single service weekends will be in October - the 5<sup>th</sup> and the 12<sup>th</sup>.

Blessings and have a great weekend!

*Chris*

**"Treasury Magazines" on the table in foyer...**
